Topology of Fibre bundles and Global Aspects of Gauge Theories A special class of fiber bundles, called vector bundles, are those whose fibers are vector spaces (to qualify as a vector bundle the structure group of the bundle — see below — must be a linear group). Principal fibre bundle - Encyclopedia of Mathematics 7 Feb 2011 . A -fibration such that the group acts freely and perfectly on the space . The significance of principal fibre bundles lies in the fact that they make it Fiber Bundle -- from Wolfram MathWorld Fibre bundles play an important role in just about every aspect of modern geometry and topology.
